- 5 inch docked tail
- folded, triangular ears

Please help us find McDuff

McDuff is nearly 11 years old, intact, male Kerry Blue Terrier. On Saturday, October 7, 2006 McDuff got out an open garden gate. McDuff is an alpha male so is picky about the other dogs he likes, but is not aggressive.

Health Notice: McDuff is on a special diet. It is important to his health that he is reunited with his family who can provide for his special needs.

Identification: At that time McDuff went missing he was wearing a pink/purple collar, with ID and rabies tags. He is both microchipped and tattooed.
Kerry Blue Terriers are often misidentified as a Poodles, Schnauzers, Pulis, Scotties, Airedales or Portuguese Water Dogs, Bouviers or some combination thereof.

If you have spotted a dog that might match this description at any time since 10/7/06,
If your neighbor has a "new" dog that might match this description, or
If you have this dog, please contact the owner immediately,
so that McDuff can be reunited with his family.
